User Guide for the Medicine Management System:

User Guide for Medicine Management System

Introduction

The Medicine Management System is an online platform that enables patients, doctors, and pharmacists to manage their medical needs and requirements. It provides a range of features that facilitate easy access to medicines, medical records, and healthcare services. This user guide explains all the features of the system and their working.

Home Page

The home page of the Medicine Management System comprises four main sections: *Search for Medicine, Links to Other Pages, Branches, and Support.*

Search for Medicine

This feature allows users to search for medicines by *name, brand, or category*. Users can enter keywords in the search box and get a list of medicines matching their search criteria.

[Search](#)

ID	Name	Composition	Ingredient	Type	Price	Cost	Currency	Supplier ID
2	Mary Ashcraft	Mary Ashcraft Compound	Gerald Extract	Injection	67.09	46.96	CAD	Suppliers object (2)
44	Mary Guzman	Mary Guzman Compound	Patricia Extract	Tablet	18.62	13.03	INR	Suppliers object (44)
65	Mary Sellers	Mary Sellers Compound	Demetrius Extract	Drops	83.04	58.13	EUR	Suppliers object (65)
66	Mary Walt	Mary Walt Compound	David Extract	Tablet	44.13	30.89	USD	Suppliers object

Links to Other Pages

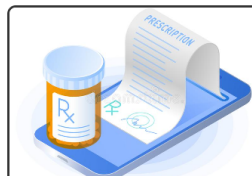

The Links to Other Pages section contains four links to perform different functions:

Transaction

This section allows users to perform various transactions related to their account. It comprises four links:

TRANSACTIONS

Select a Transaction

[Update Contact Numbers](#)[New Prescription and Update Stock](#)[Update Supplier Address](#)[Update Pharmacist Email Address](#)

Update Contact Number: This feature enables users to update their contact number on the system.

New Prescription and Stock: This feature enables doctors and pharmacists to add new prescriptions and stock details to the system.

Update Supplier Address: This feature allows pharmacists to update the address of their suppliers.

Update Pharmacist Email Address: This feature allows pharmacists to update their email address.

Branches

The Branches section shows a table of all the branches of the pharmacy. Users can view the branch details, such as address, phone number, and working hours.

Support

The Support section comprises two features: Support Section and Frequently Asked Questions section.

Support

Frequently Asked Questions

▼ 1. How do I place an order?

To place an order, simply search for the medication you need, add it to your cart, and proceed to checkout. You will need to provide your prescription before completing your order.

► 2. Is it safe to buy medications online?

► 3. Can I track my order?
